**Company description** Troast Consulting Incorporated is a certified public accounting firm and consultants for accounting software packages used by small to mid-size businesses. We provide various levels of consulting for Mac and Windows platforms. Our solutions include software recommendation, initial set-up, training and ongoing support to make your computer accounting experience painless. We help you start out and know where to take you if you've outgrown entry-level software. Our main specialty areas include general ledger, job cost,

payroll, time-entry and inventory control. Other services include business planning, controllership, pension recommendations and tax preparation. It is our goal to provide you with the best software consulting and business advice. We are committed to providing close, personal attention and believe that our success is closely related to your success.

**Supported Platforms**

Macintosh Windows

**Awards**

NYS Licensed CPAs since 1985 Professor of Accounting: Baruch College, NY, NY

**Additional Products**

Connected Accounting Software
